Sucker Rods

OIL LIFTING DEVICES

We offer high quality sucker rods, couplings and accessories with improved resistance for beam and progressive cavity pumping, as well as full technical support services. With 45 years experience and production facilities in Argentina, Brazil, Mexico and Romania, we support artificial lift operations worldwide. When the new mill is brought online, our facility in the US will bring our production capacity to over 4 million units, further expanding our global reach.

LATEST TECHNOLOGIES

AlphaRod® Series

The new generation of sucker rods.

BlueRod®

State-of-the-art technology for beam pumping.
